## President's Report: Mike Raab

Hello Members,

Summer is approaching and the 2025 National show for the Palominos was a nice show in Hutchinson, KS. It was great to see some exhibitors that I have not seen in a while. I thought the entries for Open and Youth were good for a national show. I want to congratulate all the exhibitors that had nice wins. Next year's National Show will probably be determined before the fall newsletter comes out later this year. I know we have at least 2 or 3 bids to have the Nationals for 2026.

Earlier this year some exhibitors were asking me what hotels are nice and reasonable to stay for 2025 ARBA Convention in Indianapolis. Typically, the best and most reasonable hotels for Indianapolis are along I-465. You may have to drive fifteen or more minutes to the fairgrounds, but there are many and typically your best option.

The shows for this time of year are winding down, except for county fairs in my region of the country. I am probably looking forward to showing my rabbits only once this summer at the Indiana State Fair. If any of you have nice wins and pics you want to share with the club, please forward them to our newsletter editor, Elizabeth Reichert, as she can include in the next newsletter.

Until next time, take care, be safe and enjoy your Pals!

## **Vice President's Report: Jim Brown**

Hello Pal Breeders,

I hope this finds everyone well and you have nest boxes full of potential BIS winners!

This will be my last article as the Vice President. I have enjoyed my time on the PRCBA Exec Board, but think the time is right for a fresh face and an influx of new ideas. If you are interested in serving the membership of the PRCBA, please reach out to our President, Mike Raab.

I heard that Pal Nationals was a lot of fun and I congratulate all of the winners. It was nice to see the new faces in the pictures that were posted.

I do not anticipate attending the ARBA Convention this coming fall and won't be attending many shows moving forward. I have tried to build up the palomino population in the area, but for whatever reason there has not been a lot of interest. As a result, I will not be actively breeding my pals much and plan to transition from a breeding barn to a rabbit retirement home.

I'll remain on Facebook and be watching to see what is happening with Pals across the country. If I can be of assistance to anyone, please reach out.

Be well and take care,

JIM

## PRCBA Secretary and Sweeps Chair Reports: Carolyn Wright

*Greetings from the Secretary's Desk!*

Howdy from Texas!

Well, it looks like we had just a couple of weeks of spring weather and then we jumped straight into summer. We have already hit triple digits in May! I dread to see what this summer is going to bring for the southern states.

Pal Spring Nationals this year, in Kansas, had another awesome showing of some great animals. Our host club Central Regional Rabbit Club did an outstanding job and the banquet was held in a space museum! If you're ever in that area, take the time to go on the tour. There were some of the coolest things to see. Congratulations to all the winners!

The PRCBA Office did not receive any Petitions this year for District Directors or Officers. So, everyone will stay in their positions for another term.

Stay safe out there!

If you have any questions, don't hesitate to drop me a line.

Regards

Carolyn Wright

Let us all know how you're doing!

It does not cost anything to have your picture and details about how your Pals are doing on the show tables in the newsletter.

Send a picture and details to Elizabeth Reichert at [DanceNCows@yahoo.com](mailto:DanceNCows@yahoo.com) and I will make sure you get in the next newsletter.

## **District 1 Report: Cliff King**

Howdy district 1.

It was great seeing everyone in Hutchinson at the Pal Nationals. Congratulations to all the winners.

We just finished up our local rabbit show. We got to show the Pals 4 times. We got a RIS in the commercial breed show and a runner up in show in the rare breed show. Sorry we didn't get any pictures.

Till next time take care and keep your nest boxes full.

God bless America.

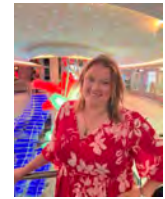

Cliff King

## **District 4 Report: Bree Justice Johnson**

Happy spring everyone from good ole South Texas. It's already warming up down here mid - high 80's and humid as a sauna. I missed seeing everyone at nationals this year but a huge congratulations are in order for all the winners!

Get those does bred for convention juniors. I had a couple litters already born this spring finally after a slump of them missing. Hope to see everyone at convention!

## **District 6 Report: Collette Waters**

There comes a point in everyone's life where you just don't run as fast as you use to. My husband has reached that point. He decided that we had to reduce the number of rabbits in our barn, and he wasn't talking about the annual summer cull either. He meant the number of breeds.

After careful consideration he decided, he could let go of the Standard Chins. But they are a rare breed I said surely, they can stay. Well, the Beverens can go he said. Rare Breed I replied. The American Chins can go. Rare Breed I repeated. The Cinnamons? The Silvers? The Palominos? The Flemish? The Blanc de Hotots? Except the Flemish and the Cinnamons, all rare breeds. After much and sometimes heated discussion the Champagnes, Flemish Giants, Blanc de Hotots and yes, the Palominos made the cut.

It is a good thing every now and again to step back and review your barn and ask yourself why you are raising the breed(s) you have. Does that breed fill a need or serve a purpose? Do you have the space, setup, time and energy to house and care for that breed. Do you have the knowledge or the willingness to learn how to care for your selected breed. Does that breed make you happy and want to spend time with them?

If you consider both yours and the rabbits needs when making the decision to try a new breed or keep the current breed, you will most likely be happier with the result. For the good of the hobby, experienced breeders should take the time to help people new to rabbits look at these factors as well.

May you and your rabbits be a match made in heaven.

Collette Waters, District 6

## District 7 Report: Shannon Whitney

Congratulations to all of the winners from Spring Nationals! Good luck to all in the rest of the show season!

## District 8 Report: Elizabeth Reichert

I hope everyone and their rabbits made it home without incident from Kansas! It was a wonderful show and was well worth the trip. The Kansas State Fairgrounds has to be one of my favorite venues to show at, the permanent cooping makes for a much more relaxing trip for everyone and I feel better about taking the rabbits on a trip that far, knowing they will get a break in a nice, large coop to stretch out a bit. I highly recommend trying to go to a show there if it is feasible for you!

Please continue to send in your win pics for use in future newsletters! It does not have to be a Best in Show or large show to share - we want to celebrate you! I like for our Summer edition to heavily center around county and state fairs, so please send in any pics you have from those (adults too!).

I wanted to add a quick note about the medication chosen for this month's medication minute. I would generally not recommend it's use in rabbits, except in specific circumstances, however, it tends to be a common medication people have in their barns, typically from back before it was prescription only and especially if you also have poultry, and it's easy to reach for what you have, so I'd rather you be informed.

Happy Summer! - Elizabeth

# Medication Minute

Elizabeth Reichert, PharmD, RPh, MSSW

Brand Name: Tylan

Generic Name: Tylosin

Dosage forms: Soluble Powder, Soluble Granules, Injectable

Uses: Treatment of enteritis and respiratory diseases; primarily used for anti-inflammatory properties of the gut rather than as an antibiotic

How does it work? Macrolide antibiotic; Inhibits protein synthesis in susceptible bacteria disabling the bacterias ability to reproduce

Dosage: Injectable: 10mg/kg under the skin or into the muscle every 12-24 hours, Soluble powder or granules: 1-1.5 grams per liter for 3 to 5 days

Side Effects: Severe diarrhea; Tylan should be used with extreme caution in rabbits

Storage/Stability: Store at Room Temperature

Slaughter withdrawal time: 10 days

Notes: Minimum age for use: 6 weeks, do not mix injectable with other medications in the same syringe; activity is reduced at lower pH found in abscesses and necrotic tissues
